Seniors

On January 28, 1937 A. D. an unprecedented occasion was held in the auditorium of the Riverside High School. Sixteen students culminated their three year trek to a high school education and received diplomas, the first to be issued in the school.

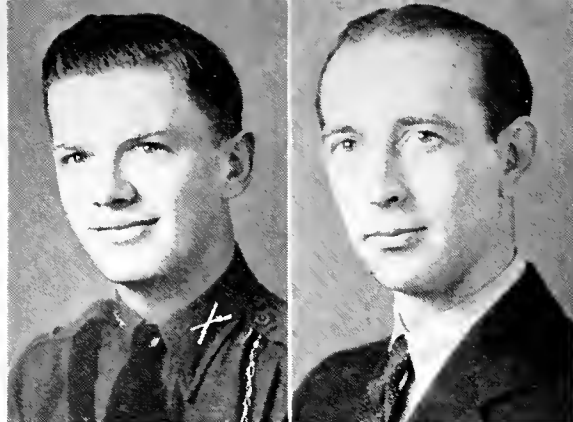

Drawn together from the various city schools, they welded themselves together with their friendliness and proceeded to carry out a schedule of events which consisted of a banquet sponsored by the Riverside Parent Teachers' Association, a progressive dinner at the homes of the class members, and a weiner roast. Senior Day was observed January 26.

The Reverend Bradley Allison delivered the baccalaureate address in the school auditorium on January 24.

January graduates, all sixteen, we salute you!

June Graduating Class

A season filled with numerous festivities for the June Class of 1937 was ushered in with a Valentine Dance in the school gymnasium, February 12, while hearts fluttered when the selected class favorites were presented to the assembled group.

Comes class day! No Seniors? They have a holiday! Senior banquet, presentation of class play, and baccalaureate service keep the Seniors' activities in a whirl.

Then comes the climax to years of hard work, play, fun, and life—Commencement—the presentation of diplomas to forty-eight boys and girls.

If You Have **GOOD EYES, Protect Them—If Not, DON'T NEGLECT THEM**

● Nearly every child has normal eyesight, but when eyes are used more and more for reading and studying, their efficiency is decreased. If eyes are used under poor lighting conditions, permanent damage may result.

One of the surest ways to avoid unnecessary strain on the eyes is to have the right kind of glareless light when reading, studying or doing any other task that requires close use of the eyes. The new I. E. S. Better Sight Lamps are scientifically designed to provide the proper kind of light for safe seeing.
